Final Numbers

Your final number for your trip is due 30 days in advance of your trip. This is the minimum number of people you will pay for even if the numbers in your group decrease.

You may increase your number past this date, but we ask that you be as accurate as possible with your final number 30 days out. This allows us to work more effectively with mission sites so we are well prepared for your groups arrival.

Cancellation Policy

30 days and more: If your group or any individual registration in your group must cancel 30 days or more prior to your trip start date, the payments paid prior to cancellation will not be refunded. Any individual registration deposit is transferable to a replacement registration for the original and currently reserved week.

29 days and less: If your group or any individual registration in your group must cancel 29 days or less prior to your week start date, the payments paid prior to cancellation will not be refunded **AND payment in full is due for each registration cancelled.**

The deposit and payments that are held for an AYM trip by any group are only good for the original and currently reserved week for that group. If you must reschedule your trip, a new deposit and payments are required.
